## Safety Matters at the Y

As part of our commitment to provide a safe environment for all YMCA members and guests, our staff participate in ongoing training to quickly respond to a crisis situation which threatens the safety of people participating at the YMCA. These preparedness trainings include but are not limited to: CPR/First Aid, severe weather, fire, tornado and active shooter situations in or outside of the building.

Please notify staff if you have questions or feel there is a threat of danger in or near our YMCA's. Reported incidents will be investigated by the Executive Director.
