It's time to break away from doldrums of summer! The Renaissance Pointe YMCA has the answer in the form of Camp P.L.U.G., a Summer Day Camp for Teens!

Our focus will be to get Middle and High School Students to:

Play – Provide teens exposure to a vast array of activities and experiences.

Learn – Develop tools to become positive influences in their local community. Youth will be steered to understand their passions and what they want out of life.

Unite – Through weekly service and team building projects, teens will understand that they have a voice, and by combining their abilities with others, they can change the world!

Grow – Our aim is to have each teen be enhanced by something they have been exposed to, while making some life-long friends!

CAMP P.L.U.G

The summer will be filled with great weekly themes and unique field trips, while helping each teen become a better version of themselves! Included in each action-packed day will be swimming, snacks and lunch, and memories to last a lifetime. Register online or at a YMCA branch soon....spaces will fill fast! * Weeks shown are not in order*
