

Jasionna at the Renaissance Pointe Y

GIVE FOR ALL

"Each year, YMCA Afterschool Spot (T.A.S.S.) tutors work hard to get every student academically where they needed to be by the end of the school year. Jasionna, a 7th grader and a particularly hard worker, started coming to the Renaissance Pointe Y during basketball season. Her mom heard about the T.A.S.S. program and wanted to help her develop skills that would improve her grades. When she started, she was struggling academically, with multiple C's and D's. She brought her grades up a little in the third quarter, but they were not quite where she wanted them to be. With the help of one of the program tutors, she set a goal to be on A/B honor roll the last quarter. She worked diligently with our tutors twice a week and worked one-on-one with our staff to complete homework assignments and study for tests. With their help and support, Jasionna could focus and complete her work. When she finished her studies, she could enjoy the facility and play basketball in the gym with friends. When grades were published for the final semester, she was excited to announce that she had earned all A's and one B. She was thrilled that all her hard work had paid off. **With the help of our program and tutors, Jasionna has developed lifelong skills that will help her continue to achieve in school and can also be applied to work.**"
